

BOA Acceptable use policy – ICT and Internet

For all staff accessing the academy network on site or remotely.

BOA Academy promotes the positive use of technology in school and assists in developing pupils' knowledge and understanding of digital devices and the Internet. We ensure that our academy IT network is robust and resilient and staff have a duty of care to safeguard pupils when using technology in BOA. Any misuse of technology by a pupil or member of staff must be reported to the Designated Safeguarding Lead, so an investigation can take place.

This is the Acceptable Use Policy (AUP) for our academy. It highlights the do's/don'ts of using all technology in the academy and shows how we want staff to behave when using IT. The AUP covers the following legislation:

- Malicious Communications Act
- 1988 Data Protection Act 1998
- Computer Misuse Act 1990
- Communications Act 2003
- Sexual Offences Act 2003

Please read carefully and sign at the bottom to show you agree to these terms.
